- Completed Mark Milsome Foundation - Film and TV Online Safety Passport Course

Education

• First Class Honours Degree (Bachelor of Arts),
Filmmaking, MetFilm School Manchester

Overview

I am a recent graduate of Met Film School Manchester, specialising in cinematography and production design. My goal for the future is to work in the camera or art department within the television industry, as I have found my interests lie in working on high end television and various projects with tight turnarounds

My most recent experience has been working as a 2nd AC, on a graduate film and advert, and as a behind the scenes videographer for a music video which will be used as promotional material for the production company.

Although most of my experience has been in the camera department, I would also like to gain experience in the art department, this led me to becoming the production designer on my own graduate film. This film was a western inspired comedy leading me to creating and sourcing costumes and props which elevated the overall humor of the film.

Experience

August 2022 – Current • **Bar Associate • JD Wetherspoons**

August 2023 – Current • **POD Member • Sharp Futures**

February 2024 • **Backstage Runner & Logger • Britan's Got Talant - Manchester - S17**
